

APPLICATION FOR FINANCIAL ASSISTANCE

Please respond to all questions in this Application for Financial Assistance (the "Application") by, as appropriate: filling in blanks; checking the applicable term(s); attaching additional text (with appropriate notations, such as "see Schedule 2(A), etc.); or writing "N.A.", signifying "not applicable".

The following amounts are payable to the County of Chautauqua Industrial Development Agency (the "Agency") at the time this Application is submitted to the Agency: (i) a \$1,000 non-refundable application fee (the "Application Fee"); and (ii) a \$1,000 expense deposit for the Agency's Transaction/Bond Counsel fees and expenses (the "Counsel Fee Deposit"). The Application Fee will not be credited against any other fees or expenses which are or become payable to the Agency in connection with this Application or the project contemplated herein (the "Project"). In the event that the subject transaction does not close for any reason, the Agency may use all or any part of the Counsel Fee Deposit to defray the cost of Transaction/Bond Counsel fees and expenses with respect to the Project. In the event that the subject transaction closes, the Counsel Fee Deposit shall be credited against the applicable expenses incurred by the Agency with respect to the Project.

Any approval of financial assistance will be effective for one year. If the subject transaction has not closed within that time, reapproval may be required, which may be conditioned upon payment of some, most or all of the Agency's expected administrative fee and attorneys' fees accrued on that date.

Note: Please contact the CCIDA Main Office @ (716) 661-8900 with any questions relative to the

application content and/or process.

PART V: QUESTIONS

Please answer the following questions. If an answer is "YES" to any question, please provide details in the space provided at the end of the section.

1. Would the completion of the Project result in the removal of an industrial or manufacturing plant of the Project occupant from one area of the state to another area of the state or in the abandonment of one or more such plants? YES NO ** If the answer is "No" please continue to question 3.	6. Will customers personally visit the Project site for "retail sales" of Goods and/or Services? "Retail Sales" means (i) sales by a registered vendor under Article 28 of the Tax Law of the State primarily engaged in the retail sale of tangible personal property, as defined in section 1101(b)(4)(i) of the Tax Law of the State, or (ii) sales of a service to such customers.
2. If the answer is "Yes" please answer the two (2) following questions.	Sales of Goods: YES NO Sales of Services: YES NO
a. Is the Project reasonably necessary to preserve the competitive position of the Applicant, or of a proposed user, occupant or tenant of the Project, in its industry? YES NO b. Is the Project reasonably necessary to discourage the Applicant, or a proposed user, occupant or tenant of the Project, from removing such plant or facility to a location outside of the State of New York? YES NO 3. Is there a likelihood that the proposed Project would not be undertaken by the Applicant but for the granting of the financial assistance by the Agency? (If yes, explain; if no, explain why the Agency should grant the financial assistance with respect to the proposed Project). YES NO 4. The Applicant certifies that the provisions of Section 862(1) of the General Municipal Law will not be violated if financial assistance is provided by the Agency for the proposed Project. YES NO 5. Is an environmental impact statement required by Article 8 of the N.Y. Environmental Conservation Law (i.e., the New York State Environmental Quality Review Act)? If "yes" please complete and attach to the Application. YES NO	** If the answer to both is "No" please continue to the next page; if the answer to either is "Yes" please answer the four (4) remaining questions. a. What percentage of the cost of the Project (including that portion of the cost to be financed from equity or sources other than Agency financing) will be expended on such facilities or property primarily used in making retail sales of goods or services to customers who personally visit the Project?
Details:	unemployment rate for the year to which the data relates? YES NO
	-

CERTIFICATIONS AND ACKNOWLEDGMENTS OF THE APPLICANT

The undersigned, being duly sworn, deposes and says, under penalties of perjury, as follows: that I am the chief executive officer or other representative authorized to bind the Applicant named in the attached application for financial assistance ("Application") and that I hold the office specified below my signature at the end of this Certification and Agreement, that I am authorized and empowered to deliver this Certification and Agreement and the Application for and on behalf of the Applicant, that I am familiar with the contents of said Application (including all schedules, exhibits and attachments thereto), and that said contents are true, accurate and complete to the best of my knowledge and belief.

The grounds of my belief relative to all matters in the Application that are not based upon my own personal knowledge are based upon investigations I have made or have caused to be made concerning the subject matter of this Application, as well as upon information acquired in the course of my duties and from the books and records of the Applicant.

As an authorized representative of the Applicant, I acknowledge and agree on behalf of the Applicant that the Applicant hereby releases the County of Chautauqua Industrial Development Agency, its members, officers, servants, attorneys, agents and employees (collectively, the "Agency") from, agrees that the Agency shall not be liable for and agrees to indemnify, defend (with counsel selected by the Agency) and hold the Agency harmless from and against any and all liability, damages, causes of actions, losses, costs or expenses incurred by the Agency in connection with: (A) examination and processing of, and action pursuant to or upon, the Application, regardless of whether or not the Application or the financial assistance requested therein are favorably acted upon by the Agency, (B) the acquisition, construction, reconstruction, renovation, installation and/or equipping of the Project by the Agency, and (C) any further action taken by the Agency with respect to the Project; including, without limiting the generality of the foregoing, (i) all fees and expenses of the Agency's general counsel, bond counsel, economic development consultant, real property tax valuation consultant and other experts and consultants (if deemed necessary or advisable by the Agency), and (ii) all other expenses incurred by the Agency in defending any suits, actions or proceedings that may arise as a result of any of the foregoing. If, for any reason whatsoever, the Applicant fails to conclude or consummate necessary negotiations or fails within a reasonable or specified period of time to take reasonable, proper or requested action or withdraws, abandons, cancels, or neglects the Application or if the Applicant is unable to find buyers willing to purchase the total bond issue required or is unable to secure other third party financing or otherwise fails to conclude the Project, then upon presentation of an invoice by the Agency, its agents, attorneys or assigns, the Applicant shall pay to the Agency, its agents, attorneys or assigns, as the case may be, all fees and expenses reflected in any such invoice.

As an authorized representative of the Applicant, I acknowledge and agree on behalf of the Applicant that each of the Agency's general counsel, bond counsel, economic development consultant, real property tax valuation consultant and other experts and consultants is an intended third-party beneficiary of this Certification and Agreement, and that each of them may (but shall not be obligated to) enforce the provisions of the immediately preceding paragraph, whether by lawsuit or otherwise, to collect the fees and expenses of such party or person incurred by the Agency (whether or not first paid by the Agency) with respect to the Application.

FIRST:

The Applicant hereby certifies that, if financial assistance is provided by the Agency for the proposed project, no funds of the Agency (i) shall be used in connection with the Project for the purpose of preventing the establishment of an industrial or manufacturing plant or for the purpose of advertising or promotional materials which depict elected or appointed government officials in either print or electronic media, (ii) be given to any group or organization which is attempting to prevent the establishment of an industrial or manufacturing plant within the State

SECOND:

The Applicant hereby certifies that no member, manager, principal, officer or director of the Applicant or any affiliate thereof has any blood, marital or business relationship with any member of the Agency (or any member of the family of any member of the Agency).

THIRD:

The Applicant hereby certifies that neither the Applicant nor any of its affiliates, nor any of their respective partners, members, shareholders or other equity owners (other than equity owners of publicly-traded companies), nor any of their respective employees, officers, directors, or representatives (i) is a person or entity with whom United States persons or entities are restricted from doing business under regulations of the Office of Foreign Asset Control (OFAC) of the Department of the Treasury, including those named on OFAC's Specially Designated and Blocked Persons List, or under any statute, executive order or other governmental action, or (ii) has engaged in any dealings or transactions or is otherwise associated with such persons or entities.

FOURTH:

The Applicant hereby acknowledges that the Agency shall obtain and hereby authorizes the Agency to obtain credit reports and other financial background information and perform other due diligence on the Applicant and/or any other entity or individual related thereto, as the Agency may deem necessary to provide the requested financial assistance.

FIFTH:

The Applicant hereby certifies, under penalty of perjury, that each owner, occupant or operator that would receive financial assistance with respect to the proposed Project is in substantial compliance with applicable federal, state and local tax, worker protection and environmental laws, rules and regulations.

SIXTH:

The Applicant hereby acknowledges that the submission to the Agency of any knowingly false or knowingly misleading information may lead to the immediate termination of any financial assistance and the recapture from the Applicant of an amount equal to all or any part of any tax exemption claimed by reason of the Agency's involvement in the Project.

SEVENTH:

The Applicant hereby certifies that, as of the date of this Application, the Applicant is in substantial compliance with all provisions of Article 18-A of the General Municipal Law, including, but not limited to, the provisions of Section 859-a and Section 862(1) thereof.

EIGHTH:

Upon successful closing of the required bond issue or other form of financing or Agency assistance, the Applicant shall pay to the Agency an administrative fee set by the Agency (which amount is payable at closing) in accordance with the following schedule:

- (A) All Initial Transactions One-Hundred basis points (1.00%) of Total Project Costs
 - a. This fee applies to all Initial Transactions except for certain small solar or wind energy systems or farm waste energy systems under RPTL §487, for which the Agency collects no fee (other than Counsel fees).
- (B) Refundings/Assumptions/Modifications: Agency fee shall be determined on a case-by-case basis.

The Agency's bond counsel fees and expenses are payable at closing and are based on the work performed in connection with the Project.

The Agency's bond counsel's fees, general counsel fee and the administrative fees may be considered as a cost of the Project and included as part of any resultant financing, subject to compliance with applicable law.

Regardless of the success of this Application or whether the hoped-for Financial Assistance is realized, Applicant agrees to pay all costs in connection with any efforts by the Agency on behalf of the Applicant including any fees and expenses of the Agency's general counsel, bond counsel, and all applicable recording, filing or other related fees, taxes and charges upon receipt and review of the Application, securing necessary approvals, closing the necessary transaction, and/or terminating any transaction entered into by the Applicant and the Agency.

NINTH:

The Applicant authorizes the Agency to make inquiry of the United States Environmental Protection Agency, the New York State Department of Environmental Conservation or any other appropriate federal, state or local governmental agency or authority as to whether the Project site or any property adjacent to or within the immediate vicinity of the Project site is or has been identified as a site at which hazardous substances are being or have been used, stored, treated, generated, transported, processed, handled, produced, released or disposed of. The Applicant will be required to secure the written consent of the owner of the Project site to such inquiries (if the Applicant is not the owner), upon request of the Agency.

I further acknowledge and agree on behalf of the Applicant that, in the event the Agency shall have used all of its available tax-exempt bond financing allocation from the State of New York, if applicable, and shall accordingly be unable to obtain an additional allocation for the benefit of the Applicant, the Agency shall have no liability or responsibility as a result of the inability of the Agency to issue and deliver tax-exempt bonds for the benefit of the Applicant.

Exhibit B

State Environmental Quality Review Act Compliance Checklist

The County of Chautauqua Industrial Development Agency ("CCIDA"), pursuant to the State Environmental Quality Review Act ("SEQRA"), must evaluate the environmental impacts of a project before deciding whether to undertake the project. The below checklist is intended to aid Applicants in determining which version of NYSDEC's Environmental Assessment Form ("EAF"), available on NYSDEC's website, to submit as a part of a complete application package to the CCIDA.

If one or more of the below items applies to the project, then a Full EAF must be prepared for submission. If none of the below items apply, then a Short EAF may be submitted. Please note that the below list is not exhaustive, and Applicants who have completed a short EAF may be required to fill out a Full EAF upon review of the project information by the CCIDA. Applicants should consult with their engineers and consultants to aid them in preparing the EAF.

Does the project involve:

- activities, other than the construction of residential facilities, that meet or exceed any of the following thresholds:
 - o a project or action that involves the physical alteration of 10 acres?
 - o a project or action that would use ground or surface water in excess of 2,000,000 gallons per day?
 - o parking for 500 vehicles?
 - o a facility with more than 100,000 square feet of gross floor area?
- the expansion of existing nonresidential facilities that meet or exceed any of the following thresholds:
 - o a project or action that involves the physical alteration of 5 acres?
 - o a project or action that would use ground or surface water in excess of 1,000,000 gallons per day?
 - o parking for 250 vehicles?
 - o a facility with more than 50,000 square feet of gross floor area?

activities which meet at least one of the criteria in **both** Columns A **and** B below:

- o Column A:
 - occurring wholly or partially within an agricultural district certified by Agriculture and Markets?
 - o occurring wholly or partially within, or substantially contiguous to, any historic building, structure, facility, site or district or prehistoric site that is listed on the State or National Register of Historic Places, or has been determined by the Commissioner of the Office of Parks, Recreation and Historic Preservation to be eligible for listing?
 - o occurring wholly or partially within or substantially contiguous to any publicly owned or operated parkland, recreation area or designated open space, including any site on the Register of National Natural Landmarks?

- o Column B:
 - activities, other than the construction of residential facilities, that meet or exceed any of the following thresholds:
 - o a project or action that involves the physical alteration of 2.5 acres?
 - a project or action that would use ground or surface water in excess of 500,000 gallons per day?
 - o parking for 125 vehicles?
 - a facility with more than 25,000 square feet of gross floor area?
 - the expansion of existing nonresidential facilities that meet or exceed any of the following thresholds:
 - a project or action that involves the physical alteration of 1.25 acres?
 - a project or action that would use ground or surface water in excess of 250,000 gallons per day?
 - o parking for 63 vehicles?
 - a facility with more than 12,500 square feet of gross floor area?

617.20 Appendix B Short Environmental Assessment Form

Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information			
Name of Action or Project:			
Project Location (describe, and attach a location map):			
Brief Description of Proposed Action:

a. A permitted use under the zoning regulations?			
b. Consistent with the adopted comprehensive plan?			
6. Is the proposed action consistent with the predominant character of the existing built or natural		NO	YES
landscape?			
7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental At	rea?	NO	YES
If Yes, identify:			
8. a. Will the proposed action result in a substantial increase in traffic above present levels?		NO	YES
b. Are public transportation service(s) available at or near the site of the proposed action?			
c. Are any pedestrian accommodations or bicycle routes available on or near site of the proposed act	tion?		
9. Does the proposed action meet or exceed the state energy code requirements?		NO	YES
If the proposed action will exceed requirements, describe design features and technologies:			
		210	
10. Will the proposed action connect to an existing public/private water supply? [If Yes, does the existing system have capacity to provide service? □ NO □ YES]		NO	YES
If No, describe method for providing potable water:			
11. Will the proposed action connect to existing wastewater utilities? [If Yes, does the existing system have capacity to provide service? NO YES]		NO	YES
If No, describe method for providing wastewater treatment:			
12. a. Does the site contain a structure that is listed on either the State or National Register of Historic Places?		NO	YES
b. Is the proposed action located in an archeological sensitive area?			
13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contai wetlands or other waterbodies regulated by a federal, state or local agency?	n	NO	YES
b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody? If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:			
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check a ☐ Shoreline ☐ Forest ☐ Agricultural/grasslands ☐ Early mid-successi		apply:	
☐ Wetland ☐ Urban ☐ Suburban			
15. Does the site of the proposed action contain any species of animal, or associated habitats, listed		NO	YES
by the State or Federal government as threatened or endangered?			
16. Is the project site located in the 100 year flood plain?		NO	YES
17. Will the proposed action create storm water discharge, either from point or non-point sources?		NO	YES
If Yes, a. Will storm water discharges flow to adjacent properties? □ NO □ YES			
	ng)9		
b. Will storm water discharges be directed to established conveyance systems (runoff and storm drain If Yes, briefly describe: ☐ NO ☐ YES	18)!		

18. Does the proposed action include construction or other activities that result in the impoundment of water or other liquids (e.g. retention pond, waste lagoon, dam)?	NO	YES
If Yes, explain purpose and size:		
19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?	NO	YES
If Yes, describe:		
	_	
20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?	NO	YES
If Yes, describe:		
I AFFIRM THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE	BEST O	F MY
KNOWLEDGE		
Applicant/sponsor name: Date:		
Signature:		

Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

		No, or small impact may occur	Moderate to large impact may occur
1.	Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?		
2.	Will the proposed action result in a change in the use or intensity of use of land?		
3.	Will the proposed action impair the character or quality of the existing community?		
4.	Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?		
5.	Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?		
6.	Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?		
7.	Will the proposed action impact existing: a. public / private water supplies?		
	b. public / private wastewater treatment utilities?		
8.	Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?		
9.	Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?		

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?		
11. Will the proposed action create a hazard to environmental resources or human health?		

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.			
	Check this box if you have determined, based on the information that the proposed action will not result in any significant and the proposed action will not r	rmation and analysis above, and any supporting documentation, adverse environmental impacts.		
	Name of Lead Agency	Date		
Pri	nt or Type Name of Responsible Officer in Lead Agency	Title of Responsible Officer		
	Signature of Responsible Officer in Lead Agency	Signature of Preparer (if different from Responsible Officer)		

Full Environmental Assessment Form Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

A. Project and Applicant/Sponsor Information.

i. Coastal Resources.i. Is the project site within a Coastal Area, o	r the waterfront area of a Designated Inland Wa	iterway?	□ Yes □ No
ii. Is the project site located in a communityiii. Is the project site within a Coastal Erosion	with an approved Local Waterfront Revitalization Hazard Area?	on Program?	□ Yes □ No □ Yes □ No
C. Planning and Zoning			
C.1. Planning and zoning actions.			
Will administrative or legislative adoption, or an only approval(s) which must be granted to enable If Yes, complete sections C, F and G. If No, proceed to question C.2 and complete sections C.2.		•	□ Yes □ No
C.2. Adopted land use plans.			
a. Do any municipally- adopted (city, town, vill where the proposed action would be located?		include the site	□ Yes □ No
If Yes, does the comprehensive plan include spe would be located?		oposed action	□ Yes □ No
b. Is the site of the proposed action within any log Brownfield Opportunity Area (BOA); design or other?) If Yes, identify the plan(s):	ocal or regional special planning district (for exated State or Federal heritage area; watershed m		□ Yes □ No
c. Is the proposed action located wholly or partion or an adopted municipal farmland protection If Yes, identify the plan(s):		al open space plan,	□ Yes □ No

C.3. Zoning	
a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance. If Yes, what is the zoning classification(s) including any applicable overlay district?	□ Yes □ No
b. Is the use permitted or allowed by a special or conditional use permit?	□ Yes □ No
c. Is a zoning change requested as part of the proposed action?	□ Yes □ No
If Yes, i. What is the proposed new zoning for the site?	
C.4. Existing community services.	
a. In what school district is the project site located?	
b. What police or other public protection forces serve the project site?	
c. Which fire protection and emergency medical services serve the project site?	
d. What parks serve the project site?	
D. Project Details	
D.1. Proposed and Potential Development	
a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed components)?	, include all
b. a. Total acreage of the site of the proposed action? acres	
b. Total acreage to be physically disturbed? acres c. Total acreage (project site and any contiguous properties) owned	
or controlled by the applicant or project sponsor? acres	
c. Is the proposed action an expansion of an existing project or use? i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, square feet)? % Units:	☐ Yes ☐ No housing units,
d. Is the proposed action a subdivision, or does it include a subdivision?	□ Yes □ No
If Yes, i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)	
ii. Is a cluster/conservation layout proposed?	□ Yes □ No
iii. Number of lots proposed?	
e. Will the proposed action be constructed in multiple phases? i. If No, anticipated period of construction: months ii. If Yes:	□ Yes □ No
 Total number of phases anticipated Anticipated commencement date of phase 1 (including demolition) month year 	
 Anticipated commencement date of phase 1 (including demolition) month year Anticipated completion date of final phase month year 	
Generally describe connections or relationships among phases, including any contingencies where progred determine timing or duration of future phases:	ss of one phase may

				vater index number, wetland map num	ber or geographic
				vater index number, wetland map num	nber or geographic

ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, place alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in s	
iii. Will the proposed action cause or result in disturbance to bottom sediments?	Yes □ No
If Yes, describe:	
iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation?	□ Yes □ No
If Yes:	
acres of aquatic vegetation proposed to be removed:	
expected acreage of aquatic vegetation remaining after project completion:	
purpose of proposed removal (e.g. beach clearing, invasive species control, boat access):	
proposed method of plant removal:	
if chemical/herbicide treatment will be used, specify product(s):	
v. Describe any proposed reclamation/mitigation following disturbance:	
c. Will the proposed action use, or create a new demand for water?	□ Yes □ No
If Yes:	= 1 c 5 = 110
i. Total anticipated water usage/demand per day: gallons/day	
ii. Will the proposed action obtain water from an existing public water supply?	□ Yes □ No
f Yes:	
Name of district or service area:	
 Does the existing public water supply have capacity to serve the proposal? 	□ Yes □ No
• Is the project site in the existing district?	□ Yes □ No
• Is expansion of the district needed?	□ Yes □ No
• Do existing lines serve the project site?	□ Yes □ No
iii. Will line extension within an existing district be necessary to supply the project? f Yes:	□ Yes □ No
Describe extensions or capacity expansions proposed to serve this project:	
Source(s) of supply for the district:	
<i>iv.</i> Is a new water supply district or service area proposed to be formed to serve the project site? If, Yes:	□ Yes □ No
Applicant/sponsor for new district:	
Date application submitted or anticipated:	
Proposed source(s) of supply for new district:	
v. If a public water supply will not be used, describe plans to provide water supply for the project:	
vi. If water supply will be from wells (public or private), what is the maximum pumping capacity:	gallons/minute.
d. Will the proposed action generate liquid wastes?	□ Yes □ No
If Yes:	
i. Total anticipated liquid waste generation per day: gallons/day	
ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe	_
approximate volumes or proportions of each):	
ii. Will the proposed action use any existing public wastewater treatment facilities? If Yes:	□ Yes □ No
Name of wastewater treatment plant to be used:	
Name of district:	
Does the existing wastewater treatment plant have capacity to serve the project?	□ Yes □ No
• Is the project site in the existing district?	□ Yes □ No
• Is expansion of the district needed?	□ Yes □ No

Do existing sewer lines serve the project site?	□ Yes □ No
Will a line extension within an existing district be necessary to serve the project?	□ Yes □ No
If Yes:	
Describe extensions or capacity expansions proposed to serve this project:	
iv. Will a new wastewater (sewage) treatment district be formed to serve the project site?	□ Yes □ No
If Yes: • Applicant/sponsor for new district:	
 Applicant/sponsor for new district: Date application submitted or anticipated: 	
What is the receiving water for the wastewater discharge?	
v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including speci	ifying proposed
receiving water (name and classification if surface discharge or describe subsurface disposal plans):	
vi. Describe any plans or designs to capture, recycle or reuse liquid waste:	
e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point	□ Yes □ No
sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction?	
If Yes:	
i. How much impervious surface will the project create in relation to total size of project parcel?	
Square feet or acres (impervious surface)	
Square feet or acres (parcel size)	
ii. Describe types of new point sources.	
iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent pregroundwater, on-site surface water or off-site surface waters)?	roperties,
If to surface waters, identify receiving water bodies or wetlands:	
Will stormwater runoff flow to adjacent properties?	□ Yes □ No
<i>iv.</i> Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater?	□ Yes □ No
f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations?	□ Yes □ No
If Yes, identify:	
i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)	
ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)	
iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)	
g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit,	□ Yes □ No
or Federal Clean Air Act Title IV or Title V Permit?	
If Yes:	
i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet	\square Yes \square No
ambient air quality standards for all or some parts of the year)	
ii. In addition to emissions as calculated in the application, the project will generate:	
•Tons/year (short tons) of Carbon Dioxide (CO ₂)	
 Tons/year (short tons) of Nitrous Oxide (N₂O) Tons/year (short tons) of Perfluorocarbons (PFCs) 	
• Tons/year (short tons) of Perhuorocarbons (PFCs) • Tons/year (short tons) of Sulfur Hexafluoride (SF ₆)	
Tons/year (short tons) of Surful Frexandoride (SF ₆) Tons/year (short tons) of Carbon Dioxide equivalent of Hydroflourocarbons (HFCs)	
Tons/year (short tons) of Eardon Blockide equivalent of Trydronodrocaroons (III es) Tons/year (short tons) of Hazardous Air Pollutants (HAPs)	

h. Will the proposed action generate or emit methane (includi landfills, composting facilities)? If Yes:		□ Yes □ No
i. Estimate methane generation in tons/year (metric):ii. Describe any methane capture, control or elimination mean electricity, flaring):	sures included in project design (e.g., combustion to ge	nerate heat or
Will the proposed action result in the release of air pollutan quarry or landfill operations? If Yes: Describe operations and nature of emissions (e.g., diesection).		□ Yes □ No
j. Will the proposed action result in a substantial increase in to new demand for transportation facilities or services? If Yes: i. When is the peak traffic expected (Check all that apply): □ Randomly between hours of to	☐ Morning ☐ Evening ☐ Weekend	□ Yes □ No):
 iii. Parking spaces: Existing Pr iv. Does the proposed action include any shared use parking v. If the proposed action includes any modification of exist vi. Are public/private transportation service(s) or facilities av vii Will the proposed action include access to public transport or other alternative fueled vehicles? viii. Will the proposed action include plans for pedestrian or be pedestrian or bicycle routes? 	? ing roads, creation of new roads or change in existing a vailable within ½ mile of the proposed site? reation or accommodations for use of hybrid, electric	Yes No
 k. Will the proposed action (for commercial or industrial proj for energy? If Yes: i. Estimate annual electricity demand during operation of the ii. Anticipated sources/suppliers of electricity for the project other): 	e proposed action:	□ Yes □ No

Hours of operation. Answer all items which apply. i. During Construction:	 ii. During Operations: Monday - Friday: Saturday: Sunday: Holidays: 	

m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction,	□ Yes □ No
operation, or both? If yes:	
i. Provide details including sources, time of day and duration:	
<i>ii.</i> Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?	□ Yes □ No
Describe:	
n. Will the proposed action have outdoor lighting? If yes:	□ Yes □ No
<i>i.</i> Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:	
ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen?	□ Yes □ No
Describe:	
o. Does the proposed action have the potential to produce odors for more than one hour per day?	□ Yes □ No
If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures:	
occupied structures:	
p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons)	□ Yes □ No
or chemical products 185 gallons in above ground storage or any amount in underground storage?	
If Yes: i. Product(s) to be stored	
ii. Volume(s) per unit time (e.g., month, year)	
iii. Generally, describe the proposed storage facilities:	
q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation?	□ Yes □ No
If Yes:	
i. Describe proposed treatment(s):	
ii. Will the proposed action use Integrated Pest Management Practices?	□ Yes □ No
r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal	□ Yes □ No
of solid waste (excluding hazardous materials)?	
If Yes: i. Describe any solid waste(s) to be generated during construction or operation of the facility:	
Construction: tons per (unit of time)	
• Operation : tons per (unit of time)	
ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:	
• Construction:	
Operation:	
iii. Proposed disposal methods/facilities for solid waste generated on-site:Construction:	
Operation:	

s. Does the proposed action include construction or modif	fication of a solid waste m	nanagement facility?	□ Yes □ No
If Yes:	C 41 1:		- 1 1011
i. Type of management or handling of waste proposed	for the site (e.g., recycling	g or transfer station, composting	g, landfill, or
other disposal activities): ii. Anticipated rate of disposal/processing:			
• Tons/month, if transfer or other non-c	ombustion/thermal treatm	ent, or	
• Tons/hour, if combustion or thermal t	reatment	,	
iii. If landfill, anticipated site life:	years		
t. Will the proposed action at the site involve the commer	cial generation, treatment	, storage, or disposal of hazard	lous □ Yes □ No
waste?			
If Yes:			
<i>i</i> . Name(s) of all hazardous wastes or constituents to be	generated, nandled or ma	naged at facility:	
ii. Generally describe processes or activities involving h	azardous wastes or consti	tuents:	
iii. Specify amount to be handled or generated to	ns/month		
iv. Describe any proposals for on-site minimization, recy	cling or reuse of hazardo	us constituents:	
v. Will any hazardous wastes be disposed at an existing	offsite hazardous waste f	acility?	□ Yes □ No
If Yes: provide name and location of facility:			
If No: describe proposed management of any hazardous v	vastes which will not be s	ent to a hazardous waste facili	ty:
E. Site and Setting of Proposed Action			
E.1. Land uses on and surrounding the project site			
a. Existing land uses.			
i. Check all uses that occur on, adjoining and near the		1 (
□ Urban □ Industrial □ Commercial □ Reside □ Forest □ Agriculture □ Aquatic □ Other			
ii. If mix of uses, generally describe:	(specify).

Describe:			

c. Is the project site presently used by members of the community for public recreation? i. If Yes: explain:	□ Yes □ No
 d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? If Yes, i. Identify Facilities: 	□ Yes □ No
e. Does the project site contain an existing dam?	□ Yes □ No
If Yes:	
i. Dimensions of the dam and impoundment:	
Dam height: feetDam length: feet	
Dam length:Surface area:	
Volume impounded: gallons OR acre-feet	
ii. Dam's existing hazard classification:	
iii. Provide date and summarize results of last inspection:	
f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility,	□ Yes □ No
or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility,	
If Yes:	,
i. Has the facility been formally closed?	□ Yes □ No
If yes, cite sources/documentation:	
ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:	
iii. Describe any development constraints due to the prior solid waste activities:	
g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste?	□ Yes □ No
If Yes:	
i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred	ed:
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any	□ Yes □ No
remedial actions been conducted at or adjacent to the proposed site?	□ res □ no
If Yes:	
i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site	□ Yes □ No
Remediation database? Check all that apply:	
 □ Yes – Spills Incidents database □ Yes – Environmental Site Remediation database Provide DEC ID number(s):	
□ Neither database	
ii. If site has been subject of RCRA corrective activities, describe control measures:	
I d	
iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? If yes, provide DEC ID number(s):	□ Yes □ No
iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):	
iv. 11 yes to (1), (11) of (111) above, describe current status of site(s).	

v. Is the project site subject to an institutional control limiting property uses?		□ Yes □ No
If yes, DEC site ID number:		
 Describe the type of institutional control (e.g., deed restriction or easement): Describe any use limitations: 		
 Describe any use limitations: Describe any engineering controls: 		
Will the project affect the institutional or engineering controls in place?		□ Yes □ No
• Explain:		
E.2. Natural Resources On or Near Project Site		
a. What is the average depth to bedrock on the project site?	feet	
b. Are there bedrock outcroppings on the project site?		□ Yes □ No
If Yes, what proportion of the site is comprised of bedrock outcroppings?		100 110
a Duradamin ant acil toma(a) museut an musicat site.	%	
c. Predominant soil type(s) present on project site:		
d. What is the average depth to the water table on the project site? Average:f	eet	
e. Drainage status of project site soils: ☐ Well Drained: % of site		
□ Moderately Well Drained:% of site		
□ Poorly Drained% of site		
f. Approximate proportion of proposed action site with slopes: 0-10%:	% of site	
□ 10-15%:	% of site	
□ 15% or greater:	% of site	
g. Are there any unique geologic features on the project site? If Yes, describe:		□ Yes □ No
h. Surface water features.		
i. Does any portion of the project site contain wetlands or other waterbodies (including st	reams, rivers,	□ Yes □ No
ponds or lakes)?		
ii. Do any wetlands or other waterbodies adjoin the project site?		□ Yes □ No
If Yes to either <i>i</i> or <i>ii</i> , continue. If No, skip to E.2.i.		
<i>iii.</i> Are any of the wetlands or waterbodies within or adjoining the project site regulated by state or local agency?	y any federal,	□ Yes □ No
iv. For each identified regulated wetland and waterbody on the project site, provide the following	lowing information.	
Streams: Name		
I also an Danda. Nama	Classification	
• Wetlands: Name	Approximate Size	
Wetlands: Name Wetland No. (if regulated by DEC) v Are any of the above water bodies listed in the most recent compilation of NYS water of the above water bodies listed in the most recent compilation of NYS water of the above water bodies listed in the most recent compilation of NYS water of the above water bodies listed in the most recent compilation of NYS water of the above water bodies.		
v. Are any of the above water bodies listed in the most recent compilation of NYS water quaterbodies?	uality-impaired	□ Yes □ No
If yes, name of impaired water body/bodies and basis for listing as impaired:		
in yes, name of impaned water body/bodies and basis for fishing as impaned.		
i. Is the project site in a designated Floodway?		□ Yes □ No
j. Is the project site in the 100-year Floodplain?		□ Yes □ No
k. Is the project site in the 500-year Floodplain?		□ Yes □ No
1. Is the project site located over, or immediately adjoining, a primary, principal or sole source.	rce aquifer?	□ Yes □ No
If Yes: i. Name of aquifer:		
i. Traine of aquiter.		

m. Identify the predominant wildlife species that occupy or	r use the project site:	
n. Does the project site contain a designated significant natu If Yes: i. Describe the habitat/community (composition, function)	·	□ Yes □ No
	acres acres acres	
 o. Does project site contain any species of plant or animal t endangered or threatened, or does it contain any areas ide If Yes: i. Species and listing (endangered or threatened): 	entified as habitat for an endangered or threatened spec	
 p. Does the project site contain any species of plant or anim special concern? If Yes: i. Species and listing: 	, , ,	□ Yes □ No
q. Is the project site or adjoining area currently used for hur If yes, give a brief description of how the proposed action r		□ Yes □ No
E.3. Designated Public Resources On or Near Project S	iite	
A. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304? If Yes, provide county plus district name/number:		
 b. Are agricultural lands consisting of highly productive so i. If Yes: acreage(s) on project site? ii. Source(s) of soil rating(s): 	*	□ Yes □ No
c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark? If Yes: i. Nature of the natural landmark: □ Biological Community □ Geological Feature ii. Provide brief description of landmark, including values behind designation and approximate size/extent:		
d. Is the project site located in or does it adjoin a state listed If Yes: i. CEA name: ii. Basis for designation: iii. Designating agency and date:		

e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commission Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Plates: i. Nature of historic/archaeological resource: Archaeological Site Historic Building or District ii. Name: iii. Brief description of attributes on which listing is based:	
f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?	☑ Yes □ No
g. Have additional archaeological or historic site(s) or resources been identified on the project site? If Yes: i. Describe possible resource(s): ii. Basis for identification:	∐Yes ∏No
 h. Is the project site within fives miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource? If Yes: i. Identify resource: 	□Yes□No
 i. Identify resource: ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or etc.): iii. Distance between project and resource: miles. 	scenic byway,
 i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666? If Yes: 	☐ Yes ☑ No
i. Identify the name of the river and its designation:ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666?	∐Yes □No
F. Additional Information Attach any additional information which may be needed to clarify your project. If you have identified any adverse impacts which could be associated with your proposal, please describe those immeasures which you propose to avoid or minimize them.	ipacts plus any

Disclaimer: The EAF Mapper is a screening tool intended to assist project sponsors and reviewing agencies in preparing an environmental assessment form (EAF). Not all questions asked in the EAF are answered by the EAF Mapper. Additional information on any EAF question can be obtained by consulting the EAF Workbooks. Although the EAF Mapper provides the most up-to-date digital data available to DEC, you may also need to contact local or other data sources in order to obtain data not provided by the Mapper. Digital data is not a substitute for agency determinations.

B.i.i [Coastal or Waterfront Area]	No
B.i.ii [Local Waterfront Revitalization Area]	No
C.2.b. [Special Planning District]	Yes - Digital mapping data are not available for all Special Planning Districts. Refer to EAF Workbook.
C.2.b. [Special Planning District - Name]	NYS Heritage Areas:Concord Grape Belt Region
E.1.h [DEC Spills or Remediation Site - Potential Contamination History]	Digital mapping data are not available or are incomplete. Refer to EAF Workbook.
E.1.h.i [DEC Spills or Remediation Site - Listed]	Digital mapping data are not available or are incomplete. Refer to EAF Workbook.
E.1.h.i [DEC Spills or Remediation Site - Environmental Site Remediation Database]	Digital mapping data are not available or are incomplete. Refer to EAF Workbook.

RE: SL Portland Community, LLC and SL Portland Community 2, LLC – County of Chautauqua Industrial Development Agency Transactions

Dear Mr. Tyler and Ms. Strandburg:

We represent Catalyze Wavellite, LLC ("<u>Catalyze</u>") in connection with its submission of Applications for Financial Assistance in May 2025 for SL Portland Community, LLC (the "<u>2025 PC Application</u>") and SL Portland Community 2, LLC (the "<u>2025 PC 2 Application</u>") (the 2025 PC Application and the 2025 PC 2 Application are collectively referred to as the "<u>2025 Applications</u>"). The 2025 Applications supplement an existing Application for Financial Assistance submitted in May 2022 (the "<u>Existing Application</u>") for SL Portland Community, LLC by Solar Liberty Energy Systems, Inc. We previously delivered a letter on June 11, 2025 (the "<u>June Letter</u>") which identified the differences between the 2025 Applications and the Existing Application. Since submission of the June Letter, there have been several additional changes to the 2025 Applications, and we deliver this letter for purposes of identifying such changes.

Capitalized terms used, but not defined, herein shall have the meaning given to such term in the June Letter.

As described in the June Letter, the 2025 PC Application describes the PC Project as SL Portland Community, LLC constructing an approximately 3.6 MW AC system on a 15-acre portion of the Property. Based on final design of the PC Project, the PC Project involves the construction of a 3.5 MW AC system on a 14.7-acre portion of the Property, with an additional 3.68-acre portion of the Property being used for purposes of accessing the PC Project from Route 20, for a total Project size of 18.38 acres. The enclosed survey shows the 14.7 acres of solar arrays (comprised of 5.56 acre "Array 1" and 9.14 acre "Array 2") and 3.68 acres of "access". This change results in a 0.1 MW AC decrease, with a 3.68 acre increase in the PC Project size (which increase is based completely on inclusion of the access area described herein).

As described in the June Letter, the 2025 PC 2 Application describes the PC 2 Project as SL Portland Community 2, LLC constructing an approximately 3. 92MW AC system on a 13.5-acre portion of the Property. Based on final design of the PC 2 Project, the PC 2 Project involves the construction of a 3.75 MW AC system on a 14.65-acre portion of the Property, with an additional 1.59-acre portion of the Property being used for purposes of accessing the PC 2 Project from Fay Street, for a total Project size of 16.24 acres. The enclosed survey shows the 14.65 acre "array" area and the 1.59 acre of "access" area. This change results in a 0.17 MW AC decrease, with a 2.74 acre increase in the PC Project size (which increase is based on inclusion of the access area described herein and a minor increase in the array area).

We further note that SL Portland Community, LLC and SL Portland Community 2, LLC are no longer wholly owned by Catalyze GBH Developer, LLC; both entities are now wholly owned by Catalyze Wavellite, LLC. Catalyze GBH Developer, LLC and Catalyze Wavellite, LLC are both wholly owned subsidiaries of Catalyze Holdings, LLC so there has been no transfer of any beneficial interests in either SL Portland Community, LLC or SL Portland Community 2, LLC.

Other than changes described herein, there have been no other changes to the 2025 Applications. Should you have any further questions with regard to the 2025 Applications, or the revisions described herein, please do not hesitate to contact me.

Very Truly Yours,

26 All

Brandon Cottrell
